

Supply Chain Management Optimized

DAUNTING TIMES

As we emerge in a post COVID-19 world, hospitals are finding themselves in uncharted waters. They've always faced pressure to identify cost savings, but now that pressure is greater than it has ever been before. It's a daunting situation for many hospitals, who often don't have the resources in time and staff to identify and implement cost-saving measures. That's where Owens & Minor's Consulting Services can help.

RE-ENGINEERING THE HEALTHCARE SUPPLY CHAIN

Owens & Minor Consulting Services collaborates with our healthcare partners to drive meaningful, lasting change across the entire supply chain. Our subject matter experts utilize industry leading practices to assess, analyze and recommend sustainable improvement opportunities resulting in significant expense reduction and operational efficiencies.

Knowledgeable experts work side-by-side with you through every engagement.
