## Insights

Case Study

### Four Pricing Accuracy Recommendations from Lehigh Valley and Owens & Minor

Ensuring accurate and competitive pricing for healthcare products creates unique challenges for hospitals at almost every level. Between multiple systems, inconsistencies in implementing price changes, delays in receiving contract pricing, and more, it's easy to see how maintaining pricing accuracy can quickly become a complex process.

## Three Solutions for the Perioperative Space

The perioperative area is one of the most important areas of any hospital. Yet increasingly, that area is coming under enormous pressure. At Owens & Minor, we offer three unique services to help perioperative leaders address those challenges. Watch this short video to learn about those services, SurgiTrack, QSight, and PANDAC.
